

TAPESTRY

2017

Serie di arazzi a soggetto informale tessuti in filati di lino e seta tinti appositamente per ottenere le combinazioni cromatiche desiderate.

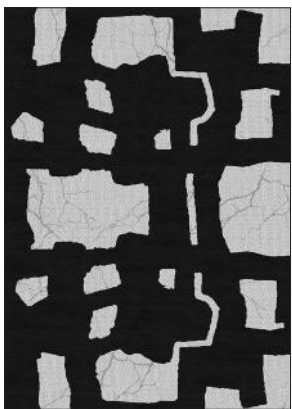

Il lino e la seta vengono prima tinti e dopo essere stati asciugati all'aria vengono filati in matasse.

La trama di volta in volta viene schiacciata accuratamente con appositi pettini fino a far scomparire l'ordito.

A series of tapestries with informal patterns, made up of linen and silk yarns, dyed specifically to obtain the desired colour combinations.

The linen and silk are firstly dyed and, after being air-dried, they are spun in hanks.

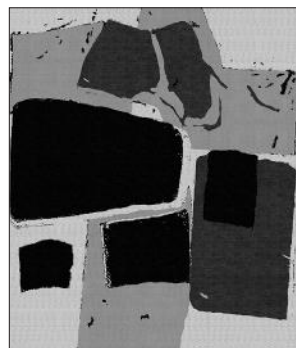

The weft is then carefully flattened with special combs to make the warp disappear.
